¹ The WLTP range is the distance a 100% electric car can travel on a full battery, measured according to a standardized testing method. This test takes into account realistic driving conditions, such as speed, temperature, and use of accessories, so you get a better idea of how far you can drive before needing to recharge. This allows for fair comparison between car models, though the actual range may vary in daily use (due to weather conditions or driving style).

Prices without prepayment excl. VAT. Contract for 60 months and 10.000 km per year. Metallic paint finishing included for passenger cars:

- Nissan Micra 40 kWh Engage : € 369 per month* TVA excluded
- Nissan Leaf 52kWh Engage : € 435 per month* TVA excluded
- Nissan Townstar L1H1 EV N-Connecta : € 439 per month* TVA excluded

Other contract durations and mileages are possible. Here are some examples. (Price per month excl. VAT – with a prepayment of € 3.000 excl. VAT. Metallic paint finish included for passenger cars.)

* Operational Leasing is a long-term operational leasing of vehicles, with no purchase option, to professionals, proposed by the lessor, Arval Belgium SA located in Ikaroslaan 99, 1930, Zaventem, RPM Brussels TVA BE 0436 781 102, www.arval.be, retail@arval.be, BNP Paribas Fortis - IBAN BE54 0016 0303 1797- BIC GEBABEBB with the intervention of BNP Paribas Fortis SA, Montagne du Parc 3, B-1000 Bruxelles, RPM Brussels TVA BE 0403 199 702.

Action only valid in Belgium from 01/07/2026 to 13/09/2026 (inclusive), or while stocks last. A price proposal must be requested during the promotion period and the rental contract must be signed within 5 days of the approval of your application by Arval Belgium. This action cannot be combined with other actions.

These Summer Deals are a proposal of an operational lease reserved for professional customers (self-employed, liberal professions and SMEs) of BNP Paribas Fortis and/or Fintro (Fintro is a division of BNP Paribas Fortis SA), residing in Belgium, relating to following vehicle models :

- Nissan Micra
- Nissan Leaf
- Nissan Townstar

The mentioned monthly rental prices are merely indicative and subject to changes in taxation, the interest rate and the catalogue price of the vehicle and also depend on the changed options, configuration and equipment of the vehicle.

These mentioned monthly rent prices (excl. VAT) were calculated on the basis of the parameters valid on 16/06/26, for a term of 60 months and 10,000 km per year and with the services listed below, and this for the following models, and this with the mentioned options, packs and services per model:

- Nissan Micra 40 kWh Engage: average consumption: 14,2 kWh /100 km (WLTP), CO₂: 0 g/km (WLTP), indicative fiscal value: 28.962,39 EUR.
- Nissan Leaf 52 kWh Engage: average consumption: 13,7 kWh /100 km (WLTP), CO₂: 0 g/km (WLTP), indicative fiscal value: 37.220,79 EUR.
- Nissan Townstar Van L1H1 EV N-Connecta: average consumption: 17,7 kWh /100 km (WLTP), CO₂: 0 g/km (WLTP), indicative fiscal value: 42.160,74 EUR.

For your information: the monthly rent of a rental agreement for a Summer Deal vehicle is calculated according to the agreed contractual term (between 25 and 72 months or 84 months for light commercial vehicles) and the agreed annual mileage and includes: maintenance, repairs, unlimited summer and winter tyres in case of normal use/wear and tear, registration tax (TMC), road tax, depreciation and interest, European assistance service, a replacement vehicle in case of immobilisation of more than 24 hours, Perfecta service (Arval Belgium SA covers the risk of damage to the vehicle, total loss or theft) with own risk (lump sum) to be paid by the renter and insurance**.

Not included in the monthly rent: energy and/or fuel costs and traffic fines. The CO₂ levels are also indicative and depend on the options chosen and/or the data provided by the manufacturer. At the end of the rental agreement, a mileage statement will take place at the last contractually agreed price. In the event of early termination of the rental agreement, a lump sum calculated based on the last daily price (as contractually agreed) will be charged.

** Third-party liability insurance, legal protection insurance and driver's insurance are included in the monthly rent price when taken out by Arval Belgium NV, in the name and on behalf of the renter. Arval Belgium NV is registered as an ancillary insurance intermediary with the Financial Services and Markets Authority (FSMA - www.FSMA.be) under number 0436.781.102. These insurances can also be taken out with the insurer of your choice. Third-party liability insurance is required by law.

If the displayed monthly rent indicates a prepayment amount, it means that the payment of this amount will reduce the amount of the monthly rent for the duration of the rental agreement. Prepayment is not a “guarantee” or a “deposit”. In the event of early termination of the rental agreement, this prepayment will not be refunded, except in certain cases specified in the prepayment conditions.

The estimated delivery time of the vehicle depends on its availability with the manufacturer and/or importer and/or the equipment and/or configuration chosen.

This document does not constitute an offer and is not binding or contractual. A rental contract will only be concluded after acceptance of your application by the lessor, Arval Belgium SA and will always be subject to its General Terms and Conditions for the long-term operational leasing of vehicles.

Arval Belgium SA cannot be held liable for the inaccuracy of the information contained in this document. The photos are shown for illustration purposes only and may differ from the vehicles offered for rent.
